Pure Democracy and White Supremacy.

VOL. IX.

CLINTON, N. C., THURSDAY, JULY 30, 1891.

No. 42.

THE EDITOR'S CHAIR.

HOW THINGS LOOK FROM OUR STAND POINT.

The Opinion of The Editor and the Opinion of Others which we Can Endorse on the Various Topics of the Day.

The New Bern Journal in closing an editorial, in its issue of Tuesday of last week, in answer to an editorial in this paper, says:

"Under what flag fights the gallant knight of Sampson?"

It is a queer question, but one we will gladly answer. Look at the headlines of this paper and see in bold letters "Pure Democracy and White Supremacy" inscribed upon the flag under which we fight. And that motto will stay there as long as we stand at the helm of this paper.

But have we a pure democracy? Were it so, the Alliance would not have come into existence and grown to its present gigantic proportions.

There was a need for it and hence it is here to stay till that need does not exist. The Alliance is making no fight upon democracy—upon itself, but upon the leaders for bad management and upon the influence that have dominated the leaders and made them dumb on matters important to the people. There is no greater curse upon the county to day than the influence of the Money Devil.

It is sapping the life blood of the nation and no where is its baleful effects telling more than upon Agriculture. What are the chief operations of this Money Devil? not only to increase the price of what we buy, but to depress the price of the products of labor, to put into eternal bondage the man who is in debt, how? by controlling the volume and price of the people's money, and speculating upon the products of labor. Heve the leaders of the Democratic party exposed and made a fight on National Bank, have they exposed and made a fight on Wall Street, have they exposed and made a fight on the hell born conception of John Sherman and his gang in demonizing silver, did they make a bold fight to reduce the tax bounty to manufacturers from 47 per cent. to 10 per cent?

The people are discouraged and have lost hope under present management of the party of the righting of these wrongs that are gradually, but surely day by day enslaving them. They see that heroic measures are necessary and that these measures must be pushed by their own heroic efforts.

And to this end the people have decided to look after their conventions. The monopolists and Money Devil will be startled at the next convention by many new and sturdy faces, that will have no ear for compromise and fence straddling. The masses are moving and the Journal and all friends of honest government should rejoice. The Democracy has the greatest opportunity in its history. Let us all pull together. We hope no part of the Democracy will split off as it did in South Carolina. Let all of the Democracy be devoted to the people.

We are astonished to find an article as untrue and silly as the following copied from the Southern Farmer and endorsed by a paper like the Asheville Citizen. Farmers read it and see what fools they take you to be:

"There is an idea about, that the government can run its presses night and day, and flood this country with paper money, and then everybody will have a plenty."

Friends, don't you know you couldn't get a dollar of it unless you had something to sell, or could hire yourself out to get it in wages or salary?

Do you know you can get plenty of money now, if you have something to sell, or you can hire out for wages? There may be stacks of money in the treasury as high as your head, but nobody is going to make a present of it to you or me. Not a bit of it!"

"There is plenty of money if you have something to sell." Who will believe such stuff when cotton is selling at a price below the cost of production (if the labor of the farmer is worth anything). Plenty of money indeed, when it now takes two strokes to where it took one 20 years ago to get a dollar, when it will take double as much product to pay \$1000 debt as it would 20 years ago. Plenty of money, but where is it? Who controls it? The farmers have to sell per capita now than ever before, yet they are poorer than ever before.

The Economist would like to propound just one question to the opponents of the Alliance demands for cheap money. What makes the 4 per cent. bonds of the United States worth \$1.25 on the dollar? Don't all answer at once—National Economist.

The Wilmington Star in a recent column editorial lectured the farmers about going into politics. That paper claimed that the Alliance would have been alright if it had devoted itself to the discussion of ditches, fences and raising crops. The farmers are doing that in their meetings, but they are also interested in knowing why their crops do not pay them after they raise them. They did not think that Providence was responsible for it, so they began to injure, if the Natural and Divine law of supply and demand had been tampered with. They have decided that there is something the matter with the government. If this is so, we would like to ask the Star if it is not their patriotic duty to try to help right the wrongs that exist. Yes it is not only their duty, but self preservation demands it. Then why does the Star object to the farmer going into politics?

It is claimed by some that Senator-elect Peffer of Kansas, can't be the President of this "land of the free," because he is an alien; and hence, according to our Mode and Persian law, he cannot get there. But according to this same law aliens can read their money over here, invest it in property and by the power and influence of the same, can get all the assistance and aid from the National Government they may ask for; so, "what's the difference?"—Farmers' Advocate.

Why has the News and Observer stopped publishing that little item head "Some Query Quizzes?" The editor will remember how he tried to prove something about the law of supply and demand by the price of corn and cotton. We hope he will continue to publish it or explain why he stopped it. The fact that corn fell in price did not have anything to do with it we hope.

THE GREAT NEED OF AGGRESSIVE FAITH.

Dr. Talmage Illustrates the Opportunity of the Hour by the Example of Estes in Saving Her People.

THE GREAT NEED OF AGGRESSIVE FAITH.

MADISON, July 26.—Dr. Talmage preached this morning at a Chautauque assembly on the banks of Monocah lake, near this city. It is a great gathering of people from all parts of the northwestern States. His text was Esther iv. 14, "Who knoweth whether thou art come to the kingdom for such a time as this?"

Rather the beautiful was the wife of Ahasuerus the Abominable. The time had come for her to present a petition to her husband in behalf of the Jewish nation, to which she had once belonged. She was afraid to undertake the work, lest she should lose her own life, but her uncle, Mordecai, who had brought her up, encouraged her with the suggestion that probably she had been raised up of God for that peculiar mission. "Who knoweth whether thou art come to the kingdom for such a time as this?"

Esther had then art appointed work to do and I have ours. It is my business to tell you what style of people we ought to be in order that we may meet the demand of the age in which God has cast our lot. If you have come expecting to hear abstractions discussed or to hear technicalities of religion glorified, you have come to the wrong place; but if you really would like to know what this age has a right to expect of you as Christian men and women, then I am ready in the Lord's name to look you in the face.

When two armies have rushed into battle the officers of either army do not want a philosophical discussion about the chemical properties of human blood or the nature of gunpowder. They want some one to man the batteries and swab out the guns. And now, when all the forces of light and darkness, of heaven and hell, have plunged into the fight, it is no time to give out the technicalities of religion, and technicalities and conventionalities of religion. What we want is practical, earnest, concentrated, enthusiastic and triumphant help. What we need in the east you need in Wisconsin.

TWO MANY HALFS AND HALF CHRISTIANS.

In a philosophical discussion to meet the special demand of this age, you need to be an unshakable aggressive Christian. Of half and half Christians we do not want any more. The church of Jesus Christ will be better without ten thousand of them. They are the chief obstacle to the church's advancement.

All the applications for your being an earnest Christian are at your hand, and there is a straight path for you into the broad daylight of God's forgiveness. A Visit to Parkersburg, Lisbon and Ingold.

(Special Correspondent.)

On last Thursday evening in company with a friend we left this place on a visit to Parkersburg, Lisbon and Ingold. After a ride of about two hours we arrived at the thriving little town of Parkersburg. Here we found three stores all doing a good business, one hotel and one turpentine still. Parkersburg is a beautiful little town situated on the C. & F. & V. Railroad, 31 miles from Fayetteville, and 14 miles from Clinton, in the midst of a fine farming and turpentine section. Through the kindness of Mr. Charlie Parker they have an excellent school building situated on a high hill about a quarter of a mile from the depot. We predict that in a few years it will be one of the foremost towns of the section. After leaving Parkersburg we passed through some fine farming land and found the crops very good. That night we spent near Ingold with our clever friend Mr. Johnnie Robinson.

There we spent a most enjoyable night. Next day we attended the farmers dinner at Lisbon. When we arrived a large crowd had gathered and by 11 o'clock the number had increased to about 500. At 12 o'clock the speaker of the day arrived and the crowd assembled at the s and heard an excellent address by Senator Butler. After the speaking dinner was announced and everybody was invited to a table well filled with something good to eat. At three o'clock it was announced that Hon. B. F. Grady was on the grounds and would speak and after being introduced by Senator Butler, he addressed the farmers on the leading issues of the day. That evening we visited Ingold and found a thriving little town, with several stores, all having a good trade, also we found Ingold a good turpentine market, a good school building and church. We were then taken to the good people around Ingold and Lisbon for their kindness to us while there, for we have never met a more clever set of people than those around Lisbon and Ingold. The section of country around Lisbon and Ingold is noted for its pretty girls and plenty of something to eat.

The University.

We take pleasure in commending the University to our people. Its Faculty contains sixteen teachers of learning and experience. Its Professor of Medicine and its Director in the Gymnasium look after the physical development of the students. Its instruction has proved itself equal to that of the largest Northern Universities. There is no need for any North Carolina boy to go outside the State to be educated. The University publishes a small pamphlet which gives detailed information on all points, and which may be had by addressing President Winston at Chapel Hill.

How The Boys and Berries are Appreciated.

(Special Correspondent.)

Tifton, Ga., June 27, 1891. Capt. T. H. Dear Sir: We had you just a taste of berries. They, sir, are the regular, world-renowned, "Sampson Blues," for which our county has so long been noted. They are like the county and State they come from, and very much like the boys who were raised on them—they are always blue and always true. We always knew where to find the berries when hungry, and you know where to find the boys when you want anything done in order.

With we had more boys and more berries four you. Yours truly, "SAMPSON."

Dear Sir, I very much appreciate the "Sampson Blues," and also the Sampson boys, and I, too, wish you had more of both.

Yours, etc., H. H. T. Tifton, Ga.

We judge that Capt. O. L. Chesnut or Mr. H. H. Britt is the "Sampson" above.

Death of Mrs. Ingram.

(Special Correspondent.)

Mrs. Bettie Ingram, wife of Mr. James Ingram, died of consumption on July 24th. She was a most excellent lady and highly esteemed by every one.

IF FOUR RICK AGES—Do you are all worn out, really good nothing is a better remedy than the famous "IRON RICK AGES." It will cure you, and give a new lease of life to all who are in need of it.

A Sermon in Wisconsin.

Some people in London, who never hear the Gospel, there are at least three hundred thousand souls in the city of Brooklyn who come not under the immediate ministrations of Christ's truth; and the Church of God in this day, instead of being a place full of living epistles, read and known of all men, is more like a "dead letter" postoffice.

But I say the people, "The world is going to be converted; you must be patient; the kingdoms of this world are to become the kingdoms of Christ." Never, unless the church of Jesus Christ puts on more speed and energy. Instead of the church converting the world, the world is converting the church. Here is a great fortress. How shall it be taken? An army comes and sits around about it, cuts off the supplies, and says, "Now we will just wait until from exhaustion and starvation they will have to give up."

Weeks and months, and perhaps a year, pass along, and finally the fortress surrenders through starvation and exhaustion. But my friends, the fortress of sin is never to be taken in that way. If they are taken for God it will be by storm. You will have to bring up the great siege guns of the Gospel to the very wall and wheel the flying artillery into line, and when the armed infantry of heaven shall confront the battlements you will have to give the quick command, "Forward! Charge!"

EVERY PLACE MAY BE A PULPIT. Ah, my friends, there is work for you to do and for me to do in order to achieve this grand accomplishment! Here is a pulpit, and a clergyman preaches in it. Your pulpit is the bank. Your pulpit is the store. Your pulpit is the editorial chair. Your pulpit is the anvil. Your pulpit is the house scaffolding. Your pulpit is the mechanic's shop. I may stand in this place, and through cowardice or through self seeking may keep back the word I ought to utter; while you, with sleeve rolled up and brow beset with toll, may utter the word that will for the foundation of heaven with the shout of a great victory. Oh, that today this whole audience might feel that the Lord Almighty is putting upon them the hands of ordination. Every one, go forth and preach this Gospel. You have as much right to preach as I have, or as any man has. Only find out the pulpit where God will have you preach, and there preach.

Hedley Vane was a wicked man in the English army. The grace of God came to him. He became an earnest and eminent Christian. They scoffed at him, and said: "You are a hypocrite. You are as bad as ever you were." Still he kept his faith in Christ, and after awhile, finding that they could not turn him aside by calling him a hypocrite, they said to him, "Oh, you are nothing but a fanatic." That did not disturb him. He went on performing his Christian duty until he had formed all his troops into a Bible class, and the whole encampment was shaken with the presence of God.

So Havoclock went into the heathen temple in India while the English army was there, and put a candle into the hand of each of the heathen gods that stood around in the heathen temple, and by the light of those candles, held up by the idols, General Havoclock came to the conclusion that the heathen gods were no gods at all, but that the God of the Bible was the only true God.

In the minister's house where I prepared for college there was a man who worked by the name of Peter Crox. He could neither read nor write, but he was a man of God. Often theologians would stop in the house—grave theologians—and at family prayers Peter Crox would be called upon to lead, and all those wise men sat around, wondering at his religious efficiency. When he prayed, he reached up and seemed to take hold of the very throne of the Almighty, and he talked with God until the very heavens were bowed down into the sitting room.

Oh, if I were dying I would rather have plain Peter Crox kneel by my bedside and commend my immortal soul to God than have some learned ecclesiastical arrayed in costly canonicals. Go preach this Gospel, you say you are not licensed. You say you are not licensed. Go preach this Gospel—preach it in the Sabbath schools, in the prayer meetings, in the highways, in the homes. Woe be unto you if you preach it not.

FAITH NECESSARY TO EFFECTIVE WORK. I remark again, that in order to be qualified to meet your duty in this particular age you want unbounded faith in the triumph of the truth and the overthrow of wickedness. How dare the Christian church ever get discouraged? Have we not the Lord Almighty on our side? How long did it take God to slay the hosts of Sennacherib or burn Sodom or shake down Jericho? How long will it take God to slay the hosts of the world, when he once arises in his strength, to overthrow all the forces of iniquity?

Christian Echoes.

Religious Miscellany--Sermon Reports--General Church News and Notes.

"Let your light so shine before men that they may see your good works and glorify your Father which is in Heaven."

Man at Variance with God, with Man-kind and with Himself.

On last Sabbath Dr. B. F. Marable preached at the Presbyterian church from the following text: "For this which I do, I allow not, for what I would, that I do not; but what I hate, that I do." The following is a synopsis of the able and logical sermon: THERE THREE GREAT STUDIES OF MAN.

What is the greatest study of man? Pope says: "The greatest study of mankind is man." But he was mistaken. The greatest study of mankind is God. Yes, how God manages the world and his relation to man.

The second great study of mankind is man. That is man's relation to man. The third great study is man's relation to himself. When we begin to study these relations of man, we are not without startling revelations. First, we find that MAN IS AT VARIANCE WITH HIS GOD.

Why is this so? There are two reasons: The first is FEAR. Why do we fear God? He is holy, we are unholy; He is just, we are unjust. We try to hide away from him, but he finds us out. We fear His holiness, His justice, for they condemn us.

The second reason is DEPENDENCE. While the feeling of dependence drives us toward God in the midst of difficulties, misfortune, or when serious illness faces us, yet in a majority of cases when it is over the pendulum swings the other way.

MAN AT VARIANCE WITH MAN. Man is not only at variance with God, but he is at variance with his neighbor. There are two reasons for this: First, there is imbedded in human nature a cluster of evil passions—malice, hatred, envy, etc.

Second, then comes the powerful element of SELF INTEREST. This element is so strong in the great majority of us that we disregard all the rights of other men, in fact all equity and common justice, when our selfishness is at stake. It is the motive power, the parent of numberless wrongs, oppressions and crimes. You may live on the best of terms with a man all your life, if your interests do not conflict. But let him once consider that you are in his way and he will try to crush you right or wrong.

LOCALS.

—Mr. M. J. Herring has shown us a cantelope 23 1/2 inches long. It is a new variety.

—In the second column fourteen lines, under "Editor's Chair," read "Inquire" instead of "inquire."

—Rev. J. W. Turner will hold divine service at St. Paul's church on Sunday morning next at 11 A. M.

—Mr. M. Hanstein is taking an inventory of his stock of goods, preparing for his Fall trip to the North-east.

—The Presbyterian Church has voted Dr. B. F. Marable a month's vacation. He will not preach during the month of August.

—A friend from upper Honeoyes who is too modest to let us publish his name remembered the editor with a basket of fine apples.

—Can Sampson build a cotton factory? Why certainly it can. Poorer counties than Sampson have built several factories, but they are not poor now? Do you see?

—The Executive Committee of the Sampson County Agricultural Society was in session on last Thursday. The Premium List for the next Fair was prepared. The committee will meet again on the first Thursday in August at 10 o'clock.

—The remains of Master Addison Register, who died on last Saturday, were interred in Clinton Cemetery on last Sunday evening, Rev. J. W. Turner officiating. The deceased had been seriously sick for only a few weeks, though he had been in bad health for several years.

—Read another article by "X" in this week's issue. It is a new view of the School Question. It is one of dollars and cents. This kind of argument often beats logic; but it is not logic, it is powerful logic, \$30.00 logic, enough to move a dead town. Well, we will see.

—We learn that the Alliance dinner at Friendship, over in Duplin, on last Friday, was a very pleasant occasion. Over a thousand people were present and excellent addresses were heard from Mr. Luke McClammy, of Pender, Col. W. E. Hill, of Faison, Capt. John C. McMillan, of Magnolia and others. We regret that we were unable to attend.

—Affairs matrimonial are on the boom, notwithstanding mamma and papa do not consent; and 'Squire W. E. Stevens is getting a monopoly of the knot-tieing business. On last Sunday morning Mr. Johnnie T. Williamson and Miss Rosa Turner appeared before 'Squire Stevens with license duly filed out and were made man and wife. They are two bright and happy young people and THE CAUCASIAN wishes them much success and happiness.

—We are frequently asked if the bank at Clinton is safe. Undoubtedly we would say it is. In fact we have interviewed the officers and some of the directors and they say that as far as the public is concerned there is no trouble. The accounts of the bank, it is true, are being examined by expert accountants, and if the bank has lost any money that is simply a matter with the stockholders. In short the bank is perfectly sound and able to meet all liabilities to depositors and no depositor can possibly lose a cent, let the result of the investigation be what it may.

Raleigh Cotton Factories.

Notwithstanding the cotton mills in this city are working night and day, they are unable to keep up with the orders coming in. The stock is rapidly increasing in value, in fact, it can hardly be purchased at any reasonable price.—Raleigh Messenger.

The above news no comment, a Sampson factory could be doing the same thing.

—A man said a few days since, I know a factory would help the county a great deal, but I don't think it will pay those who put their money in it much. But that is a great mistake, unless we manage a factory worse than any one else in the State. You can lend money for 8 per cent, but wherever a factory has been started, the people are soon anxious to buy stock in it or to start a new one. Those who have stock in cotton factories will not say that they are making big money, but you can't buy their stock. Therefore their stock must be paying more than 8 per cent. Yes, the stockholder is the man who makes the money.

—Now is the opportunity. Let us pull together and have a cotton factory. Let everybody talk cotton factory, let everybody mean cotton factory and we will have a cotton factory.

—Col. J. R. Beaman tells us there were between twelve and fifteen hundred people out to hear the address of Mr. Hunter at Goshen Academy on Tuesday.

THE SECOND STEP.

TOWARD A COTTON FACTORY.

A Meeting of Citizens Appoint a Committee to Solicit Subscription.

A COMMITTEEMAN FOR EACH TOWNSHIP.

According to the call published in last week's paper, a meeting was held in the court house Monday night. Mr. F. R. Cooper was called to the chair and Mr. Butler requested to act as secretary. Several speeches were made. Everybody was sure that a factory would pay, that it would pay those who raise cotton, that it would pay the stockholders, that it would pay the town, the county and everybody in it.

Upon motion it was decided to appoint a central committee and a committeeman from each township to solicit subscription of stock \$20.00, a share to be paid in monthly installments of 5 per cent or quarterly installments of 10 per cent. Of course all such details will be definitely fixed by the stockholders when they meet to organize. The following committee was appointed:

CENTRAL COMMITTEE: J. A. Ferrell, B. S. Peterson, F. R. Cooper, Charlie Crumpler, J. S. Bizzell and Marion Butler.

TOWNSHIP COMMITTEEMEN: Franklin—L. R. Highsmith; Lisbon—D. L. Herring; Taylors' Bridge—V. J. McArthur; Turkey—C. E. Daniels; Pine Grove—J. S. Hines; Newton Grove—Isaac Williams; Westbrook—B. G. E. Daughtry; Mingo—R. A. Daughtry; Dismal—C. H. Williams; Little Coharie—J. W. Underwood; McDaniel's—W. J. Watson; Honeoyes—Isam Royal; Halls—D. R. Watson; North Clinton—W. E. Stevens; South Clinton—Maj. T. L. Pugh.

A resolution was passed asking THE CAUCASIAN to keep the list of stockholders standing and add the additional names and amounts sent in by the committee each week. The committeemen should report to the paper each week not later than Tuesday the subscriptions they have received.

A resolution was passed asking the co-operation of the Alliance through the county and all citizens in the enterprise. Those present from lodges said that their lodges would take stock.

The meeting adjourned to meet again for organization and work when a majority of the capital stock of \$50.00 shall be subscribed. The following is the total amount of stock subscribed up to date:

Sampson and Wayne must both make a change.

Observation teaches us that a people who sell all that they make and buy all that they use, are always, and in all places, poorer than those people who use what they make and make what they use.

Suppose that the butter, meat, wheat, corn and hay that are used in Goldsboro and adjacent country were raised in Wayne; suppose that the cotton that is made in Wayne was spun and woven in Goldsboro, does any one doubt that we would all be in a better condition? Would not this change of method go far towards checking that everlasting drain that is depriving us of our substance, and leaving us without money, and with nothing but debts and impoverished and worthless lands?

This change of methods we believe practical, and all that is needed to effectuate it is a united effort on the part of all classes of our people, a sinking of self in a desire for the general good, and only a small modicum of that love of country and true patriotism, of which we are fond of boasting.—Goldsboro Argus.

During the month of August there will be no service in the Presbyterian church, either on Sabbath or Wednesday evening. The Sabbath school will continue as usual.

B. F. MARABLE.

Grady Did Go to Lisbon.

The Farmers' picnic at Lisbon on last Friday was a decided success. There were about 600 people present and an abundance of dinner, enough to have fed over 1,000. The editor of this paper talked in the forenoon. In the afternoon just as some were preparing to leave, he drove Hon. B. F. Grady, to the surprise and a highly pleasant one to everybody. All gathered around the stand and called for Grady. He responded and never did a speaker more appropriately and happily hit the key-note of the occasion. The effort was a happy one and the audience was enthusiastic. Every time he attempted to close there were loud calls to go on. As published in these columns last week, Mr. Grady was called to the chair and Mr. Butler requested to act as secretary. Several speeches were made. Everybody was sure that a factory would pay, that it would pay those who raise cotton, that it would pay the stockholders, that it would pay the town, the county and everybody in it.
